PROXY STATEMENT

2023 ANNUAL MEETING OF STOCKHOLDERS

General

We are furnishing this proxy statement and the enclosed proxy in connection with the solicitation of proxies by our Board of Directors (the "Board") for use at the Annual Meeting of Stockholders of Corcept Therapeutics Incorporated (the "Company" or "Corcept") to be held on Friday, May 19, 2023 at 7:30 a.m. local time, at 149 Commonwealth Drive, Menlo Park, California 94025 and at any adjournments thereof (the "2023 Annual Meeting"). This proxy statement and accompanying proxy card are being first mailed to stockholders on or about April 17, 2023.

Who Can Vote

Only holders of our common stock at the close of business on April 6, 2023 (the "Record Date") are entitled to vote at the 2023 Annual Meeting. If a bank, broker or other intermediary is the record holder of your stock on the Record Date, that is, your shares are held in "street name," you must obtain and submit a legal proxy from your broker or other intermediary as the record holder, if you wish to attend the meeting in-person and vote your shares at that time.

Shares Outstanding and Quorum

As of the Record Date, there were shares of our common stock outstanding. A majority of the outstanding shares of our common stock entitled to vote at the 2023 Annual Meeting must be present in person or by proxy, in order for there to be a quorum at the meeting. If a quorum is not present at the meeting, the chairman of the meeting may adjourn the meeting to another place, date or time. Shares are considered "present" if voted by the holder of those shares or by proxy during the 2023 Annual Meeting. Stockholders of record who are present at the meeting in person or by proxy, and who withhold votes or abstain from voting and broker non-votes will be included in the number of shares present at the meeting for purposes of determining whether a quorum is present.

Voting Rights

Each stockholder of record is entitled to one vote at the 2023 Annual Meeting for each share of common stock held by such stockholder on the Record Date. Stockholders may vote their shares by following the instructions listed in the proxy card or other materials received on how to vote. All proxies we receive which are properly voted, whether by signed proxy card or by telephonic or Internet voting, and that have not been revoked will be voted in accordance with the instructions contained in the proxy. If a proxy is received which does not specify a vote, the shares represented by that proxy will be voted (a) for each of the nominees to the Board listed on the proxy card and in this proxy statement, (b) for the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2023, (c) for the approval, on an advisory basis, of the compensation of our named executive officers as disclosed in this proxy statement, (d) for, on an advisory basis, three years as the frequency of future advisory votes by the stockholders to approve the compensation of our named executive officers and (e) for the approval of the Corcept Therapeutics Incorporated Amended and Restated Certificate of Incorporation. We are not aware, as of the date hereof, of any matters to be voted upon at the 2023 Annual Meeting other than those stated in this proxy statement and the accompanying Notice of Annual Meeting of Stockholders. If any other matters are properly brought before the 2023 Annual Meeting, the persons acting as proxies will have authority to vote on those matters in their discretion.

Votes Required to Approve Each Proposal

If a quorum exists at the 2023 Annual Meeting, the stockholders will be entitled to vote on the following proposals:

- election of directors (Proposal No. 1);
- ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2023 (Proposal No. 2);
- the advisory vote to approve the compensation of our named executive officers (Proposal No. 3);

- the option, on an advisory basis, of one year, two years or three years that receives a majority of the votes cast by stockholders will be the frequency of future advisory votes by the stockholders to approve the compensation of our named executive officers (Proposal No. 4); and
- approval of the amendment and restatement of the Company's Amended and Restated Certificate of Incorporation to reflect Delaware law provisions allowing officer exculpation (Proposal No. 5).

For the election of directors (Proposal No. 1), directors will be elected by a plurality of the votes cast, which means that the nine director nominees who receive the highest number of votes "FOR" their election will be elected. As a result, only "FOR" votes will affect the outcome, and any shares abstained from voting "FOR" a particular nominee (whether as a result of stockholder abstention or a broker non-vote) will not be counted in such nominee's favor and will have no effect on the outcome of the election.

For the proposal to amend the Company's Amended and Restated Certificate of Incorporation (Proposal No. 5), the affirmative vote of the holders of a majority of outstanding shares of our common stock entitled to vote at the meeting will be required for approval. Abstentions and broker non-votes will have the effect of a vote against this proposal.

Adoption of each of the other proposals (Proposal No. 2, Proposal No. 3 and Proposal No. 4), requires the affirmative vote of a majority of the votes cast affirmatively or negatively, meaning that the number of shares voted "FOR" a proposal must exceed the number of shares voted "against" such proposal. Abstentions and broker non-votes will have no impact on the outcome of Proposal No. 2, Proposal No. 3 or Proposal No. 4.

Revocability of Proxies

A stockholder of record may revoke a proxy at any time before it is voted at the 2023 Annual Meeting by (a) delivering a proxy revocation or another duly executed proxy bearing a later date to the Secretary of our company at 149 Commonwealth Drive, Menlo Park, California 94025 or (b) attending the 2023 Annual Meeting and voting at the meeting by following the instructions above. Attendance at the 2023 Annual Meeting will not revoke a proxy unless the stockholder votes in-person at the meeting.

Solicitation of Proxies

The proxy card accompanying this proxy statement is solicited by our Board. In addition to solicitation by mail, our officers, directors and employees may solicit proxies personally or by telephone without receiving additional compensation. If requested, we will pay brokers, banks and other fiduciaries that hold shares of common stock for beneficial owners the reasonable out-of-pocket cost of forwarding the proxy statement and proxy card to stockholders.

Interests of Our Directors and Officers in the Proposals

Each member of our Board has an interest in Proposal No. 1 (Election of Directors), as each nominee is currently a member of our Board. Members of our Board and our executive officers do not have any interest in Proposal No. 2 (Ratification of Appointment of Independent Registered Public Accounting Firm). Our executive officers who constitute our named executive officers each have an interest in Proposal No. 3 (Advisory Vote to approve the Compensation of the Named Executive Officers) and Proposal No. 4 (Advisory Vote on the Frequency of the Vote on Compensation of Named Executive Officers), as their compensation is subject to the advisory vote on named executive officer compensation. Our executive officers have an interest in Proposal No. 5 (Approval of the Amendment and Restatement of the Company's Amended and Restated Certificate of Incorporation to Reflect Delaware Law Provisions Allowing Officer Exculpation), as the proposed changes to the Company's Amended and Restated Certificate of Incorporation would exculpate our executive officers from liability in specific circumstances.

Householding of Proxy Materials

"Householding" is a procedure approved by the Securities and Exchange Commission (the "SEC") under which stockholders who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of our proxy statement from us or a bank, broker or other intermediary, unless one or more of these stockholders notifies us, the bank, broker or other intermediary that they wish to continue to receive individual copies. We do not "household" for any of our stockholders of record. However, as explained below, your bank, broker or other intermediary may be householding your account if you hold your shares in street name.

If you hold shares in street name, your bank, broker or other intermediary may deliver only one copy of our proxy statement to multiple stockholders of the same household who share the same address, and may continue to do so, unless your bank, broker or other intermediary has received contrary instructions from one or more of the affected stockholders in the

household. If you are such a beneficial holder, contact your bank, broker or other intermediary to receive a separate set of our proxy materials.

DIRECTOR NOMINATION

Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee is responsible for, among other things, identifying individuals qualified to serve as members of the Board, recommending to the Board nominees for election as directors and providing oversight with respect to corporate governance and ethical conduct by Corcept's directors, officers and employees. The Corporate Governance and Nominating Committee currently consists of Kimberly Park (Chairman), G. Leonard Baker, Jr., Gillian M. Cannon, Ph.D. and James N. Wilson. Following the 2023 Annual Meeting of Stockholders, assuming the election of each director nominee, membership of the Corporate Governance and Nominating Committee will not change. The Board has determined that all members of the Corporate Governance and Nominating Committee are independent under the rules of the Nasdaq Stock Market. The Corporate Governance and Nominating Committee met five times during 2022. The Corporate Governance and Nominating Committee recommends director candidates to the Board for review and approval, and its charter is available at www.corcept.com.

The information below describes the criteria the Corporate Governance and Nominating Committee applies and the process it uses to evaluate candidates for director.

Board Membership Criteria. The Corporate Governance and Nominating Committee's goal is to identify director candidates with a broad diversity of background and experience and the skills and judgment to serve successfully on our Board. Although Corcept has not adopted a formal diversity policy with respect to Board composition, the Committee actively seeks highly-qualified women and individuals from underrepresented communities for consideration as Board nominees.

With respect to the aspects of diversity identified by the rules of the Nasdaq Stock Market, our Board consists of persons with the following applicable qualities:

Board Diversity Matrix (as of March 31, 2023 and 2022)

	Female	Male
Total Number of Directors	9	
Part I: Gender Identity		
Directors	2	7
Part II: Demographic Background		
White	2	6
Native American	—	1
LGBTQ+	2	

The Corporate Governance and Nominating Committee also seeks to ensure that a majority of the directors are independent under the rules of the Nasdaq Stock Market, that the Audit Committee and Compensation Committee are composed of independent directors, and that members of the Audit Committee possess the accounting and financial expertise the Nasdaq Stock Market and SEC rules require.

Process for Identifying and Evaluating Nominees. With the assistance as it deems appropriate of other members of the Board, Corcept's management and in some cases a third-party search firm, the Corporate Governance and Nominating Committee identifies candidates who have the qualities and skills being sought. The Corporate Governance and Nominating Committee will also consider recommendations for nominees by stockholders.

With respect to candidates for initial election to the Board, the Corporate Governance and Nominating Committee reviews biographical information and qualifications and checks the candidate's references. Qualified candidates are interviewed by at least one member of the Corporate Governance and Nominating Committee. Advancing candidates meet, either in person or by telephone, with all members of the Corporate Governance and Nominating Committee and as many other members of the Board as practicable.

Candidates recommended by the Corporate Governance and Nominating Committee are presented to the Board for selection as nominees to be presented for the approval of the stockholders or for election to fill a vacancy. A similar process would be used to evaluate nominees recommended by stockholders.

Stockholder Proposals for Nominees. The Corporate Governance and Nominating Committee will consider written proposals from stockholders for nominees for director. Such nominations should be submitted to the Secretary of our Company and should include the following information: (a) all information required by Regulation 14A of the Securities Exchange Act of 1934, as amended ("Exchange Act"), including such person's written consent to being named in the proxy statement as a

nominee and willingness to serve as a director; (b) the name(s) and address(es) of the stockholder(s) making the nomination and the number of shares of our common stock which are owned beneficially and of record by such stockholder(s); and (c) biographical information and a statement as to the qualifications of the nominee. Our Amended and Restated Bylaws provide that advance notice of a stockholder's proposal to be brought before the 2024 Annual Meeting of Stockholders, including director nominations, must be delivered to the Secretary of our company at our principal executive offices not earlier than 120 days (December 19, 2023) and not later than 90 days (January 18, 2024) prior to the anniversary of the mailing date of the proxy materials for the previous year's annual meeting. Our Amended and Restated Bylaws also provide that in the event that the annual meeting is advanced by more than 30 days prior to or delayed by more than 60 days after the anniversary date of the preceding year's annual meeting, this advance notice must be received not later than the close of business on the later of (i) the 120th day prior to such annual meeting or (ii) the 10th day following the day on which public announcement of the date of such meeting is first made.

In addition, pursuant to Rule 14a-19 ("Rule 14a-19"), notices of a solicitation of proxies in support of director nominees other than our own nominees must be postmarked or electronically submitted no later than March 20, 2024, and each nomination must comply with the SEC regulations under Rule 14a-19, which requires, among other things, that such notice include a statement that such person intends to solicit the holders of shares representing at least 67% of the voting power of shares entitled to vote on the election of directors. If, however, the date of the 2024 Annual Meeting of Stockholders is more than 30 days before or after May 19, 2024, then the Rule 14a-19 deadline shall be the later of 60 calendar days prior to the date of the 2024 Annual Meeting of Stockholders or the 10th calendar day following the day on which we first make a public announcement of the date of our 2024 Annual Meeting of Stockholders. A nomination that does not comply with the requirements set forth in the Certificate of Incorporation and the Bylaws will not be considered for presentation at the Annual Meeting. We intend to file a proxy statement and white proxy card with the SEC in connection with our solicitation of proxies for our 2024 Annual Meeting of Stockholders.

Nominees to the Board of Directors for the 2023 Annual Meeting. The nominees for election at this 2023 Annual Meeting were recommended for selection by the Corporate Governance and Nominating Committee and were selected by the Board.

BOARD MEETINGS AND COMMITTEES

In addition to the Corporate Governance and Nominating Committee, the Board has Audit and Compensation Committees. The Audit Committee met four times and the Compensation Committee met two times in 2022. The Board met four times in 2022. The independent directors of the Board met in executive sessions four times in 2022. Each member of the Board attended 75 percent or more of the total number of Board and Board committee meetings on which such Board member served that were held during the period in which he or she was a Board or Board committee member.

We encourage our directors to attend our annual stockholder meeting. Seven of our directors attended the 2022 annual stockholder meeting.

Audit Committee. The purpose of the Audit Committee is to oversee our accounting and financial reporting processes and financial statement audits. Its responsibilities include appointing and compensating the independent registered public accounting firm for its audit of our accounts, reviewing the scope and results of these independent audits, reviewing and evaluating our accounting policies, and approving the professional services our independent registered public accounting firm provides to us. The Audit Committee consists of Gregg Alton (Chairman), Gillian M. Cannon, Ph.D., David L. Mahoney and Joshua M. Murray. Following the 2023 Annual Meeting of Stockholders, assuming the election of each director nominee, Audit Committee membership will not change. The Board has determined that all members of the Audit Committee are independent under the rules of the Nasdaq Stock Market and that each of them can read and understand financial statements. The Board has also determined that each member of the Audit Committee satisfies the independence requirements of Rule 10A-3(b)(1) of the Exchange Act and that each of Dr. Cannon and Messrs. Alton, Murray and Mahoney qualifies as an “audit committee financial expert” as defined by Item 407(d)(5) of Regulation S-K of the Securities Act and the Exchange Act. The Audit Committee charter is available at www.corcept.com.

Compensation Committee. The Compensation Committee consists of David L. Mahoney (Chairman), Gregg Alton, G. Leonard Baker, Jr. and Daniel N. Swisher, Jr. Following the 2023 Annual Meeting of Stockholders, assuming the election of each director nominee, the Compensation Committee membership will not change. The Board has determined that all members of the Compensation Committee are independent under the rules of the Nasdaq Stock Market. The Compensation Committee reviews and approves, subject to stockholder or Board approval as required, (i) our incentive, equity-based and other compensatory plans and (ii) any benefit, compensation or severance arrangements applicable to our named executive officers. In addition, the Committee reviews and approves corporate goals relevant to our chief executive officer’s compensation and recommends the structure and amount of such compensation to the Board for its review and approval. The Committee also reviews the compensation and benefits offered to nonemployee directors and recommends changes to the Board, as appropriate. The Committee’s charter permits it to delegate its authority and responsibilities to individual members of the Committee or to a subcommittee of Committee members. The Compensation Committee charter is available at www.corcept.com.

BOARD LEADERSHIP AND ROLE IN RISK OVERSIGHT

Board Leadership. We are committed to sound corporate governance and value independent board oversight as essential to good corporate performance. Eight of our nine directors qualify as independent under the rules of the Nasdaq Stock Market. Following the 2023 Annual Meeting of Stockholders, assuming the election of each director nominee, the number of directors who are independent will not change. In February 2023, our Board reviewed the independence of each director and considered whether any director has a material relationship with us that could compromise his or her ability to exercise independent judgment. The Board has determined that the following directors are “independent” under the rules of the Nasdaq Stock Market:

James N. Wilson
Gregg Alton
G. Leonard Baker, Jr.
Gillian M. Cannon
David L. Mahoney
Joshua M. Murray
Kimberly Park
Daniel N. Swisher, Jr.

In accordance with our Amended and Restated Bylaws, our Board appoints our officers. The Board does not have a policy as to whether the role of the Chairman of the Board and Chief Executive Officer should be separate and whether a lead independent director should be selected. Currently, we separate the roles of Chief Executive Officer and Chairman of the Board. The Chief Executive Officer is responsible for setting Corcept’s strategic direction and its day-to-day leadership and performance. The Chairman of the Board provides guidance to the Chief Executive Officer, sets the agenda for Board meetings and presides over meetings of the full Board. Dr. Belanoff, our Chief Executive Officer, is an employee and is therefore not deemed “independent.” Our Board believes that its leadership is appropriate for Corcept and its stockholders.

Risk Oversight. The Board oversees our exposure to risk and the steps we have undertaken to mitigate those risks. The Board assesses the risks we face and reviews our strategic plan at least annually. The Board also receives regular updates from our Executive Committee, which consists of our Chief Executive Officer, Chief Financial Officer, Chief Business Officer, President, Corcept Endocrinology, Chief Development Officer, Chief Scientific Officer, and Chief Human Resources and Communications Officer, regarding the impact and mitigation of various risks, including the COVID-19 pandemic. Although the Board bears ultimate responsibility for the Company’s risk management, the Audit Committee oversees management of risks arising from our accounting policies and practices, financial reporting, SEC compliance and potential director or named executive officer conflicts of interest. The Compensation Committee oversees director and executive officer compensation and strives to create compensation incentives that discourage risk-taking inconsistent with our business strategy. The Corporate Governance and Nominating Committee oversees management of risks associated with corporate governance, including environmental and social issues, regulatory compliance and cybersecurity. Each of these committees meets regularly with Corcept management and reports to the full Board.

COMMUNICATIONS WITH DIRECTORS

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

All related party transactions between us and our officers, directors or principal stockholders are reviewed and approved by our Audit Committee or a majority of the independent and disinterested members of our Board to ensure they are on terms no less favorable to us than could be obtained from unaffiliated third parties and have bona fide business purposes. In 2022, there were no related party transactions.

Severance and Change in Control Agreements. We have entered into severance and change in control agreements with our executive officers. The agreements provide that, if employment is terminated without cause or for good reason regardless of whether it is in connection with a change in control, the executive will continue to receive, for 12 months, his or her base salary and continued health insurance coverage. The agreements also provide for full vesting of the terminated executive's outstanding equity awards in the event the termination occurs, with or without cause, within 18 months following a change in control.

Director Indemnification Agreements. We have entered into indemnification agreements with our directors and executive officers. Such agreements require us, among other things, to indemnify our officers and directors for any event related to the fact that the officer and/or director is or was a director, officer, employee, consultant, agent or fiduciary of or to the Company or is or was serving at the request of the Board as a director, officer, employee, trustee, agent or fiduciary of another corporation, partnership, joint venture, employee benefit plan, trust or other enterprise, or by reason of anything done or not done by such indemnified person in any such capacity, other than for liabilities arising from willful misconduct, and to advance any expenses incurred as a result of any proceeding subject to indemnification.

See "Director Compensation" for a discussion of our director compensation policy.

CODE OF ETHICS

We have adopted a Code of Ethics that applies to all of our directors, officers and employees, including our principal executive officer, principal financial officer and principal accounting officer, which is available at our website, www.corcept.com. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Our goal is to offer competitive compensation that rewards good short-term and long-term performance. We pay direct compensation consisting of base salary, cash bonuses for the achievement of significant corporate goals, sales commissions and equity grants (which typically vest over four years). The Compensation Committee has primary responsibility for designing and administering our compensation program.

This section discusses the principles underlying the compensation of the named executive officers included in the "Summary Compensation Table" and the factors that determined their compensation in 2022. Our named executive officers for 2022 were Joseph K. Belanoff, M.D., Chief Executive Officer and President; Atabak Mokari, Chief Financial Officer and Treasurer; Hazel Hunt, Ph.D., Chief Scientific Officer; Sean Maduck, President, Concept Endocrinology; and Charles Robb, Chief Business Officer and Secretary.

On April 6, 2022, our Board appointed Mr. Maduck as President, Concept Endocrinology.

Executive Summary

In 2022, we achieved significant clinical, commercial and financial goals:

- Advanced the clinical development of our proprietary selective cortisol modulators as potential treatments for patients with Cushing's syndrome, recurrent platinum-resistant ovarian cancer, prostate cancer, advanced adrenocortical cancer with cortisol excess; amyotrophic lateral sclerosis; and non-alcoholic steatohepatitis.
- Advanced promising compounds from our portfolio of selective cortisol modulators towards the clinic.
- Increased revenue to \$401.9 million in 2022 from \$366.0 million in 2021, despite commercial challenges posed by the COVID-19 pandemic.
- Continued to assert successfully our patents directed to the use of Korlym[®] to treat patients with Cushing's syndrome. Strengthened our global patent portfolio with respect to our selective cortisol modulators and their potential use as treatments for a wide variety of endocrine, oncologic, metabolic and neurological disorders.
- Strengthened the organization through addition of key contributors necessary to advance our clinical projects and commercial programs.

Executive Compensation 2022 Program Overview

Based on our compensation principles and in light of what the Compensation Committee and the Board determined to be strong performance by the company and its named executive officers, the Compensation Committee and the Board took the following actions with respect to the compensation of our named executive officers for 2022:

Base Salary. Effective February 1, 2022, the Compensation Committee recommended, and the Board approved, approximately a six percent increase to the annual base salary of Dr. Belanoff and Mr. Mokari, and approximately a five percent increase to the annual base salaries of Dr. Hunt, Mr. Maduck and Mr. Robb.

Bonuses. In accordance with our practice of awarding cash bonuses for the achievement of significant corporate goals, in March 2023, we paid bonuses to all employees of the company, including our named executive officers, in recognition of the accomplishments described above.

Equity Awards. In February 2022, the Compensation Committee recommended, and the Board approved, the grant of options to each of our named executive officers. In May 2022, Mr. Maduck was granted additional options in connection with his appointment as President, Concept Endocrinology. These grants vest over a four-year period, subject to the recipient's continued employment. In September 2022, Messrs. Maduck, Mokari and Robb were granted restricted stock awards ("RSAs") in connection with their participation in our Employee Stock Purchase Plan ("ESPP"). These awards vest on the one-year anniversary of the award date, subject to certain requirements under the ESPP.

Strong Stockholder Support for our Compensation Decisions

Stockholders controlling 93 percent of the shares voted at our 2020 annual meeting voted to approve the 2019 compensation of our named executive officers. 58 percent of the shares voted at our 2017 annual meeting voted to approve our practice of submitting the compensation of named executive officers to a non-binding stockholder vote once every three

years. The Compensation Committee did not change the design of our compensation programs during 2022. The Compensation Committee's objective continues to be aligning management's and our stockholders' interests in long-term value creation. In accordance with our practice on the frequency of advisory votes on the compensation of our named executive officers, we are seeking the approval of our stockholders, on an advisory basis, of our named executive officers' compensation at the 2023 Annual Meeting. See Proposal 3 in this proxy statement.

Compensation Principles and Objectives

We rely on our compensation program to attract, motivate and retain highly-qualified executive officers by paying them competitively and in a manner that reflects our performance and their contributions to it. Each year, the Board sets goals designed to link each named executive officer's compensation to significant increases in Corcept's long-term value. These goals reference the attainment of research, development, commercial and financial objectives, which the Board evaluates at the end of each year. Because drug development can take many years, the largest portion of our named executives' compensation consists of option grants that are subject to extended vesting periods and reward achievements that increase stockholder value in the long term.

Except for their salaries, compensation for our named executive officers is performance-based. The Compensation Committee determines the structure and amount of performance-based compensation based on its members' many years' experience with and understanding of the most effective practices in the biotechnology and specialty pharmaceutical industry.

These are the Compensation Committee's objectives:

- Align executive and stockholder interests by providing bonuses and equity awards that are tied to company and individual performance in the short- and long-term; and
- Take advantage of the fact that Corcept has relatively few employees compared to its revenue and the scope of its development activities to offer compensation that the companies with whom we compete for talent have difficulty matching.

The members of the Compensation Committee are seasoned executives of, consultants to, or investors in the biotechnology and specialty pharmaceutical industry. Collectively the Chairman of the Board and members of the Compensation Committee have served as board and compensation committee members of many public and privately held companies including Enochian Biosciences, Symantec, Sunesis Pharmaceuticals, Adamas Pharmaceuticals and Cerus Corporation. As a result, we believe that the Chairman of the Board and the members of the Compensation Committee (as well as our other Board members) clearly understand the compensation structures and amounts that are necessary to attract, motivate and retain management talent in our industry.

Determination of Compensation

The Compensation Committee reviews the performance of our named executive officers annually. To aid the Compensation Committee in its deliberations, our Chief Executive Officer evaluates the performance of all executives other than himself and makes compensation recommendations. The Compensation Committee bases its decisions on the Chief Executive Officer's input, the input of other Board members and its own evaluation of the achievements of Corcept and of each executive. The Compensation Committee then recommends salaries, performance bonuses and grants of stock options, taking into account its members' understanding of compensation practices in the biotechnology and pharmaceutical industry and the members' experiences as executives, consultants, board and compensation committee members, and investors.

Tax Considerations

The Compensation Committee considers the impact of Section 162(m) of the Internal Revenue Code of 1986, as amended, which limits the tax deductibility of annual compensation in excess of \$1,000,000 paid to individuals who have ever served as named executive officers, in light of our overall compensation philosophy and objectives. The Compensation Committee may award compensation to our named executive officers that may not be fully deductible by Corcept if it determines that such compensation is appropriate.

Elements of Executive Compensation

Base Salary

The Compensation Committee determines or recommends executive salaries based on its members' knowledge of current industry employment practices and their many years of assessing the salaries required to attract, motivate and retain talented executives in a competitive market. Base salary increases are not determined formulaically. Rather, each year the

Compensation Committee reviews the Chief Executive Officer's base salary to determine if a change is appropriate based on its assessment of market trends and the company's circumstances and performance. The Compensation Committee applies similar scrutiny to the salaries of our other officers, with input from the Chief Executive Officer and other Board members. Based on the Compensation Committee's assessment of market trends, the Compensation Committee recommended and the Board approved approximately a six percent increase to the annual base salary of Dr. Belanoff effective February 1, 2022, resulting in a 2022 annual base salary of \$900,000. For the same reason, as well as to reflect the increased scope and magnitude of their responsibilities at the Company, the Compensation Committee recommended and the Board approved, effective February 1, 2022, approximately a six percent increase to the annual base salary of Mr. Mokari, and approximately a five percent increase to the annual base salaries of Dr. Hunt, Mr. Maduck and Mr. Robb, resulting in 2022 annual base salaries of \$495,000 for Mr. Mokari, \$575,000 for each of Dr. Hunt and Mr. Maduck, and \$630,000 for Mr. Robb.

Performance-Based Compensation

Cash Bonus. We pay discretionary bonuses annually based on the Compensation Committee's assessment of our progress toward the achievement of significant long-term corporate goals and the contribution to such achievements of each named executive officer. We also maintain the discretion to pay bonuses when significant goals are met. Such goals may include successful completion of a clinical trial, approval of a new product, a significant increase in revenue or profitability, or substantial improvements in our management or operational capabilities. The discretionary bonuses incentivize achievement of our near-term objectives, consistent with our long-term goals.

Target annual bonuses for our named executive officers are set as a percentage of their salaries and designed to be market competitive and allow us to attract and retain talent. The Compensation Committee determines each year's actual bonus amounts based on its evaluation of company-wide and individual performance. For 2022, the target annual bonuses for our named executive officers were 100 percent of salary for Dr. Belanoff and 50 percent of salary for Dr. Hunt, Mr. Maduck, Mr. Mokari and Mr. Robb.

In February 2023, the Compensation Committee evaluated the performance of our company and each of our named executive officers with respect to progress towards the achievement of our long-term goals and identified the accomplishments set forth in the Executive Summary above. These include: (i) enrolling patients in GRACE, our Phase 3 trial of relacorilant in patients with Cushing's syndrome; (ii) enrolling patients in GRADIENT, our Phase 3 trial of relacorilant in patients whose Cushing's syndrome is caused by adrenal adenomas; (iii) initiating CATALYST, a Phase 4 trial examining the prevalence of hypercortisolism in patients with difficult to control type 2 diabetes and its treatment of hypercortisolism in such patients with Korlym; (iv) initiating and enrolling a Phase 3 trial of relacorilant combined with nab-paclitaxel in patients with recurrent platinum resistant ovarian cancer; (v) selecting relacorilant in combination with enzalutamide to proceed to a Phase 2 trial in prostate cancer; (vi) initiating and enrolling a Phase 1b trial of relacorilant, in combination with pembrolizumab, in patients with metastatic or unresectable adrenal cancer with cortisol excess; (vii) initiating and enrolling a Phase 2 trial of dazucorilant in patients with amyotrophic lateral sclerosis (ALS); (viii) enrolling a Phase 1b trial of miricorilant in patients with non-alcoholic steatohepatitis; and (ix) increasing our revenue.

In light of these accomplishments and the team's individual contributions, the Compensation Committee recommended, and the Board approved, the payment of bonuses to all employees of the company, including payments to our named executive officers as set forth below.

Joseph K. Belanoff, M.D.	100%	\$ 900,000

Long-Term Equity Incentive Program

All of our employees are eligible to receive grants of stock options under our 2012 Incentive Award Plan ("2012 Plan"). We believe that equity incentives are necessary to link compensation to the performance of our stock and our sustained growth. With respect to our named executive officers, we have used stock options as our long-term performance-based equity incentive vehicle because we believe they maximize the incentive to increase stockholder value, since there is no financial gain unless our stock price appreciates.

The Compensation Committee or the Board typically grant stock options when a named executive officer joins Corcept and then annually in connection with its evaluation of the named executive officer's expected future performance. The Compensation Committee or the Board also typically grant stock options following a significant change in job responsibility or in recognition of a significant achievement. The Compensation Committee determines the number of shares underlying each stock option grant based on a number of factors, including the scope of the named executive officer's responsibilities and anticipated contributions to achievement of our goals, the value of the stock option at the time of grant and the Compensation Committee's or the Board's understanding of industry practices and norms and other competitive factors. There is no set formula. The relative weight given to each of these considerations is at the Compensation Committee's discretion.

To incentivize continued employment, stock options granted to our named executive officers generally vest over four years. We have occasionally granted stock options that vest based on the attainment of performance goals. Stock option awards generally expire ten years from the date of the grant, which allows the executive to focus on creating and maintaining long-term stockholder value and to have a reasonable opportunity to benefit from price appreciation in our shares. The exercise price is set at the last quoted price per share on the Nasdaq Capital Market on the date of grant.

In February 2022, the Compensation Committee recommended, and the Board approved, the following option grants to our named executive officers: Dr. Belanoff: 500,000 shares; Dr. Hunt: 200,000 shares; Mr. Maduck: 200,000 shares; Mr. Mokari: 100,000 shares; and Mr. Robb: 200,000 shares. The size of each award was based on the Compensation Committee's determination of the recipient's ability to contribute to our future success. The awards vest in 48 equal monthly installments from the grant date, subject to the recipient's continued employment at each monthly vesting date.

In May 2022, in connection with Mr. Maduck's promotion to President, Corcept Endocrinology, the Board granted Mr. Maduck an option to purchase 50,000 shares of the Company's common stock. The awards vest in 48 equal monthly installments from the grant date, subject to the recipient's continued employment at each monthly vesting date.

All of our employees are eligible to participate in our ESPP under our 2012 Plan. Our ESPP allows employees to set aside, by means of payroll deductions, up to ten percent of their annual cash compensation for the purchase of our common stock at the fair market value of our stock on the purchase date. For each purchased share, the participating employee will receive one matching share, also issued from the 2012 Plan, if certain conditions are met. There is no vesting requirement for shares issued pursuant to the ESPP purchase. The matching share will be granted in the form of a RSA that will vest on the one-year anniversary of the respective ESPP purchase date. The vesting condition on the RSA is that the participating employee hold the corresponding share purchased under the ESPP for one year from the purchase date.

In September 2022, in connection with their participation in our ESPP, the following RSAs were granted to our named executive officers: Mr. Maduck: 922 shares; Mr. Mokari: 793 shares; and Mr. Robb: 1,010 shares. The size of each award was based on the named executive officer's percentage contribution election at the time of enrollment.

Severance and Change in Control Arrangements

We have entered into Severance and Change in Control Agreements with each of our named executive officers to encourage continued attention and dedication to duties without distraction should there arise the possibility of a change in the control of our company and to help ensure a smooth transition should such a change in control occur. The terms of these agreements are the same for all of the named executive officers. For a detailed description, see "*Potential Payments Upon Termination or Change in Control – Severance and Change in Control Agreements*," below.

Other Elements of Compensation

Our executives are eligible to receive retirement and insurance benefits on the same terms as our other employees, as set forth below. Eligibility for all employees begins on the first day of the month coinciding with or immediately following the first business day of employment. These benefits help us attract and retain talented employees in a competitive market, where such benefits are common. Each year, we review the benefits package we offer.

Retirement Plans. We have a Section 401(k) Savings/Retirement Plan, or 401(k) Plan, to cover eligible U.S. employees of the company and any designated affiliate. The 401(k) Plan permits eligible employees to defer up to 100 percent of their annual compensation, subject to limitations imposed by the Internal Revenue Code. All contributions are immediately vested and non-forfeitable. We match 100 percent of contributions made by eligible employees up to the maximum permitted by the Internal Revenue Code. In addition, in 2022, we contributed to the UK People's Pension on behalf of Dr. Hunt.

Medical Insurance. At our sole cost, we provide each eligible employee, including each named executive officer, and his or her spouse and children with comprehensive health, dental and vision insurance.

Life and Disability Insurance. At our sole cost, we provide each eligible employee, including each named executive officer, disability and life insurance.

Policies with Respect to Equity Compensation Awards

Our policy is to grant stock option awards with an exercise price equal to the last quoted price per share on the Nasdaq Capital Market on the date of grant. We do not select option grant dates for named executive officers in coordination with the release of material non-public information.

We have an insider trading policy that prohibits our named executive officers and Board members from engaging in certain transactions in our stock, including short sales, and in derivative securities related to our stock. For a detailed description, see "Prohibition of Employee, Officer and Director Hedging," above.

Severance and Change in Control Agreements

They provide that if the executive's employment is terminated by us without "cause" or by the executive for "good reason" (as each term is defined in the agreements) prior to or more than 18 months following a change in control, the executive will be eligible to receive 12 months of his or her then-current base salary, payable in substantially equal installments in accordance with the company's customary payroll procedures, and continued health insurance coverage for up to 12 months following the date of termination. In addition, the agreements provide that in the event the executive's employment is terminated by us without "cause" or by the executive for "good reason" within 18 months following a change in control, the executive will be eligible to receive an amount equal to 12 months of his or her then-current base salary payable in a lump sum, continued health insurance coverage for up to 12 months following the date of termination, and full vesting of all outstanding equity awards. The receipt of any severance will be subject to the executive signing and not revoking a separation agreement and release of claims in a form reasonably acceptable to us within 60 days following executive's termination of employment. No severance will be paid or provided until the separation agreement and release of claims becomes effective.

The following table reflects compensation payable to each of our named executive officers upon a change in control or various employment termination events. (1) For unvested options held by named executive officers as of December 31, 2022, the value ascribed to the accelerated vesting benefit under the Severance and Change in Control Agreements is calculated by multiplying any excess in the closing price for our company's common stock on the Nasdaq Stock Market as of December 31, 2022, which was \$20.31, over the exercise price of the option grant, multiplied by the number of unvested shares subject to the option as of that date and for unvested restricted stock held by named executive officers as of December 31, 2022, the value ascribed to the accelerated vesting benefit under the Severance and Change in Control Agreements is calculated by multiplying \$20.31 by the number of unvested shares of restricted stock as of that date.

Risk Assessment of Compensation Programs

Our Compensation Committee and Board have determined that our compensation policies, plans and practices are appropriately balanced and do not create risks that will have a material adverse effect on our company. To make this determination, they reviewed the company's compensation policies, plans and practices with a focus on compensation program design, payment methodology, relationship to performance and length of performance period, and oversight and controls as compared to the compensation practices that they have seen in similar companies. During the review, the Compensation Committee noted risk mitigating factors inherent in our compensation practices, including the Compensation Committee's and management's discretion in approving executive and employee compensation and establishing performance goals for short and long-term compensation plans, the balance between fixed and variable pay and the mix of short and long-term incentives that encourage consistent performance over a sustained period, and these factors aligned the interests of our named executive officers and employees with those of our stockholders.

Pay Ratio Disclosure

The Dodd-Frank Wall Street Reform and Consumer Protection Act and Regulation S-K require us to report the ratio of the median annual compensation of our full- and part-time employees in 2022 (that is, the compensation of the employee whose compensation is in the middle of the group, with as many employees earning more as earning less, not including our Chief Executive Officer ("CEO")) to the annual total compensation of our CEO.

We identified the employee with median compensation by comparing the W-2 gross income (Box 1) of all full- and part-time employees based in the United States (except our CEO) and Form P60 gross income of all full- and part-time employees based in the United Kingdom who were employed on December 31, 2022. Dr. Hunt's salary is established in U.S. dollars. Salaries for all other employees based in the United Kingdom are converted from pounds sterling using the exchange rate reported by Xe Currency Exchange on December 31, 2022. We calculated median employee's compensation using the same methodology as was used to calculate the Named Executive Officers' compensation for purposes of the 2022 Summary Compensation Table. To permit meaningful comparisons between employees who worked for us less than the entire year and those who worked for us during the entire year, we annualized each permanent employee's compensation based on the percentage of the year they worked for us. The annual total compensation of our median employee was \$276,749 for 2022, including base salary earned for 2022, the grant date fair value of options awarded in 2022 and the bonus paid in February 2023 with respect to 2022 performance.

As disclosed above in the Summary Compensation Table, our CEO's annual total compensation for 2022 was \$7,352,757.

As calculated above, the annual total compensation of our median employee excluding the CEO to that of our CEO is as follows:

Median employee	\$	276,749
CEO	\$	7,352,757
Ratio		27:1

Because public companies use different methods to calculate their pay ratios, the ratio we report should not be used as a basis for comparing Concept to its peers.

Pay versus Performance

As required by Section 953(a) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(v) of Regulation S-K, we are providing the following information about the relationship between executive compensation actually paid and certain financial performance of our company.

- (1) Dr. Belanoff was the CEO and President for each of 2022, 2021 and 2020.
- (2) SEC rules require certain adjustments be made to the Summary Compensation Table totals to determine Compensation Actually Paid as reported in the Pay versus Performance Table. Compensation Actually Paid does not necessarily represent cash and/or equity value transferred to the applicable named executive officer without restriction, but rather is a value calculated under applicable SEC rules. In general, Compensation Actually Paid is calculated as Summary Compensation Table total compensation adjusted to include the fair market value of equity awards as of December 31 of the applicable year or, if earlier, the vesting date (rather than the grant date). Named executive officers do not participate in a defined benefit plan so no adjustment for pension benefits is included in the table below. Similarly, no adjustment is made for dividends as dividends are factored into the fair value of the award.
- (3) The non-CEO named executive officers reflects the following individuals in each year:
2022: Dr. Hunt and Messrs. Mokari, Maduck and Robb
2021: Dr. Hunt and Messrs. Mokari, Maduck and Robb
2020: Dr. Hunt, Dr. Grauer and Messrs. Maduck and Robb
- (4) Total Stockholder Return is determined based on the value of an initial fixed investment of \$100 at December 31, 2019.
- (5) The Peer Group referenced for purpose of the Total Stockholder Return comparison consists of the Nasdaq US Benchmark TR Index.

The following table outlines the adjustments made to the compensation earned by our CEO and non-CEO NEOs, as presented in the Summary Compensation Table, to derive the Compensation Actually Paid to our CEO and non-CEO NEOs.

2022 Most Important Measures to Determine Compensation Actually Paid

As required by Item 402 (v) of Regulation S-K, we have identified the following performance measures as being the most important in linking actual compensation paid to our executives to our performance. We believe short- and long-term shareholder value is best created by expanding our commercial business serving patients with Cushing's syndrome and developing our proprietary selective cortisol modulators as treatments for diseases with serious medical need. The performance measures we use to evaluate our executives' performance are operational as described below. For more information refer to the Elements of Executive Compensation of this proxy statement.

Most Important Performance Measures

- Revenue
- Expand our commercial business serving patients with Cushing's syndrome and continue to advance relacorilant as a potentially superior successor to Korlym
- Advance our proprietary selective cortisol modulators as potential treatments for patients with solid tumors, metabolic disorders and ALS
- Advance towards the clinic additional selective cortisol modulators and identify serious disorders for which they might fill an unmet medical need

Instead, the amounts shown represent the grant date fair value of the awards as calculated under FASB ASC Topic 718. The relevant assumptions used to calculate the value of the option awards are set forth in Part IV – Item 15(1) - Financial Statements, Notes to Consolidated Financial Statements, Note 7 – “Preferred Stock and Stockholders’ Equity – Stock-Based Compensation Related to Employee and Director Options” in our Annual Report on Form 10-K for the year ended December 31, 2022.

(2) As of December 31, 2022, our non-employee directors held options outstanding to purchase the following number of shares: Mr. Wilson: 760,000; Mr. Alton: 130,000; Mr. Baker: 180,000; Dr. Cannon: 100,000; Mr. Mahoney: 270,000; Mr. Murray: 80,000; Ms. Park: 130,000; and Mr. Swisher: 207,500 shares. During 2022, Mr. Wilson, as chairman of the board, was granted an option to purchase 45,000 shares with a grant date fair value of \$552,986, Messrs. Alton, Baker, Mahoney, Swisher, Dr. Cannon and Ms. Park were each granted an option to purchase 20,000 shares with a grant date fair value of \$245,771. All of these awards vest in equal monthly installments over a one-year period, subject to continued service.

For 2022, non-employee directors received a fee for their services in the amount of \$50,000 effective January 1, 2022. In addition, the chair and members of the Audit Committee received fees of \$25,000 and \$12,500, respectively; the chair and members of the Compensation Committee received fees of \$20,000 and \$10,000, respectively; and the chair and members of the Corporate Governance & Nominating Committee received fees of \$12,000 and \$6,000, respectively. The chairman of our Board received a cash retainer of \$120,000 as well as \$6,000 as a member of the Corporate Governance & Nominating Committee. New directors are granted an option to purchase 60,000 shares of common stock. The initial director options vest with respect to 25 percent of the shares on the first anniversary of the date of the grant and, in 36 equal monthly installments thereafter, subject to the director’s continued service on each monthly vesting date. At each annual meeting of our stockholders, continuing directors are granted an option, which for 2022, covered 20,000 shares of common stock that vests in 12 equal

monthly installments from the date of the annual meeting, subject to the director's continued service on each monthly vesting date. The Board has historically approved option awards for directors serving certain leadership roles. In 2022, the Board granted Mr. Wilson an option to purchase 45,000 shares of common stock, vesting in 12 monthly installments, for his service as Chairman of the Board, subject to his continued service on each monthly vesting date.

We have entered into a Severance and Change in Control Agreement with Mr. Wilson. The agreement with Mr. Wilson provides that if his employment or service on the Board is terminated involuntarily by us without "cause" or by him for "good reason" (as each is defined in the agreement) within 18 months following a change in control, all of his outstanding equity awards shall become fully vested. Mr. Wilson will only receive vesting acceleration under this agreement if he signs and does not revoke a separation agreement and release of claims in a form reasonably acceptable to the Company within 60 days following termination of employment.

REPORT OF THE AUDIT COMMITTEE*

Under the guidance of a written charter adopted by the Board, the purpose of the Audit Committee is to oversee the accounting and financial reporting processes of the Company and audits of its financial statements. Each of the members of the Audit Committee meets the independence requirements of Nasdaq and the SEC.

Pre-approval of audit-related and non-audit services

Our Audit Committee has adopted a policy and procedures for the pre-approval of audit and permissible non-audit services rendered by our independent registered public accounting firm, Ernst & Young LLP. Under this policy, our Audit Committee must pre-approve all audit and non-audit services performed by the Company's independent auditor in order to ensure that the provision of such services does not impair the auditor's independence. The policy permits the engagement of the independent registered public accounting firm for services that are approved by our Audit Committee in defined categories such as audit services, audit-related services and tax services. Pre-approval may be given as part of our Audit Committee's annual review and approval of the scope and estimated cost of non-audit services that may be provided by the independent registered public accounting firm or on an individual explicit case-by-case basis before the independent registered public accounting firm is engaged to provide each service. The Audit Committee has also delegated to the Chair of the Audit Committee the authority to pre-approve audit and non-audit services not prohibited by law to be performed by our independent registered public accounting firm and associated fees, provided that the Chair shall report any decision to pre-approve such audit or non-audit services and fees to the full Audit Committee at its next regular meeting. PROPOSALS TO BE ACTED UPON AT THE 2023 ANNUAL MEETING

PROPOSAL NO. 1

ELECTION OF DIRECTORS

At the 2023 Annual Meeting, the stockholders will vote on the election of nine directors, each to serve until the annual meeting of stockholders in 2024 and until their successors are duly elected and qualified. The Corporate Governance and Nominating Committee has recommended, and the Board has unanimously nominated, James N. Wilson, Gregg Alton, G. Leonard Baker, Jr., Joseph K. Belanoff, M.D., Gillian M. Cannon, Ph.D., David L. Mahoney, Joshua M. Murray, Kimberly Park and Daniel N. Swisher, Jr. for election to the Board. The nominees have indicated that they are willing and able to serve as directors. If any nominee becomes unable or unwilling to serve, the accompanying proxy may be voted for the election of such other person as shall be designated by the Board. Directors will be elected by a plurality of the votes cast, in person or by proxy, or by remote communication, if applicable, at the 2023 Annual Meeting, assuming a quorum is present. Stockholders do not have cumulative voting rights in the election of directors.

Recommendation of the Board

The Board of Directors unanimously recommends a vote "FOR" the election of each of the nominees as listed above.

Unless otherwise instructed, it is the intention of the persons named in the accompanying proxy card to vote shares represented by properly executed proxy cards for the election of the nominees as listed above.

PROPOSAL NO. 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

At the 2023 Annual Meeting, the stockholders will be asked to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2023. Representatives of Ernst & Young LLP are expected to attend the 2023 Annual Meeting and have the opportunity to make statements and respond to appropriate questions.

Recommendation of the Board

The Board of Directors unanimously recommends a vote "FOR" the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2023.

PROPOSAL NO. 3

ADVISORY VOTE TO APPROVE THE COMPENSATION OF NAMED EXECUTIVE OFFICERS

We intend for our executive compensation program to attract and retain talented, entrepreneurial and creative executives who will successfully manage our commercial and development programs. The Compensation Committee and the Board believe that our compensation policies and procedures are effective in advancing our goals and furthering the interests of our stockholders.

Stockholders should read the Executive Compensation section of this proxy statement, including the Compensation Discussion and Analysis, which discusses our compensation policies and procedures, and the 2022 compensation for our named executive officers.

In accordance with Section 14A of the Securities Exchange Act, this proxy statement includes a non-binding advisory stockholder vote to approve the compensation of our named executive officers. We ask you to approve, on a non-binding advisory basis, the compensation of our named executive officers listed in the 2022 Summary Compensation Table in the Executive Compensation section, including Compensation Discussion and Analysis, the compensation tables and the accompanying narrative discussion.

Stockholders may vote "for," "against" or "abstain" on the following non-binding advisory resolution:

"RESOLVED, that the stockholders of the Company approve, on a non-binding advisory basis, the compensation of the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and the accompanying narrative discussion in this proxy statement."

Although the advisory vote is non-binding, the Compensation Committee and the Board will carefully consider the results and take them into account when determining our executive compensation programs. The Board recommends that you indicate your support for our compensation policies. Unless our Board changes its policy with respect to the frequency of stockholder votes on executive compensation, we expect to hold our next such vote at the 2026 Annual Meeting of Stockholders.

Recommendation of the Board

The Board of Directors unanimously recommends that stockholders vote, on an advisory basis, FOR the approval of the compensation of the named executive officers as described in the Compensation Discussion and Analysis, the compensation tables and the accompanying narrative discussion in this proxy statement.

PROPOSAL NO. 4

ADVISORY VOTE ON THE FREQUENCY OF THE VOTE ON COMPENSATION OF NAMED EXECUTIVE OFFICERS

In accordance with Section 14A of the Securities Exchange Act, we are including in this proxy statement a separate stockholder vote on how frequently the advisory vote described under Proposal No. 3 — the “Advisory Vote to Approve the Compensation of Named Executive Officers”, or the “say on pay” advisory vote, should occur, which is referred to herein as the “frequency advisory vote”. We are providing stockholders the option of selecting a frequency of one, two or three years, or abstaining. As with the say on pay advisory vote, the vote described in this Proposal No. 4 is non-binding.

The Board has determined that providing stockholders with the say on pay advisory vote once every three years will be the most effective means for conducting and responding to the say on pay advisory vote based on a number of considerations, including the following:

- Our compensation program is designed to induce and reward performance over a multi-year period;
- A three-year cycle will provide investors sufficient time to evaluate the effectiveness of our short- and long-term compensation strategies and the related business outcome of the Company;
- A three-year vote cycle gives the Board and the Compensation Committee sufficient time to thoughtfully respond to stockholders’ sentiments and to implement any necessary changes to our executive compensation policies and procedures; and
- The Board will continue to engage with our stockholders on executive compensation during the period between stockholder votes. As discussed under “Communications with Directors,” the Company provides stockholders an opportunity to communicate with the Board, including on issues of executive compensation.

Based on the factors discussed, the Board has determined to recommend that future say on pay advisory votes occur every three years until the next frequency advisory vote. Stockholders are not being asked to approve or disapprove the Board’s recommendation, but rather to indicate their choice among the following frequency options: one year, two years or three years, or to abstain from voting.

While the Board has determined that providing stockholders with the say on pay advisory vote once every three years is advisable, and therefore recommends that you approve a triennial vote, the Compensation Committee and the Board will consider our stockholders’ concerns and take them into account in determining how frequently the say on pay advisory vote occurs.

Recommendation of the Board

The Board of Directors unanimously recommends that stockholders select, on an advisory basis, every “three years” on the proposal recommending the frequency of the say on pay advisory vote.

PROPOSAL NO. 5

APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE COMPANY'S AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO REFLECT DELAWARE LAW PROVISIONS ALLOWING OFFICER EXCULPATION

On August 1, 2022, Section 102(b)(7) of the General Corporation Law of the State of Delaware (the "DGCL") was amended to permit a Delaware corporation to include in its certificate of incorporation a provision to eliminate or limit the monetary liability of certain corporate officers for breach of the duty of care.

The Board has determined and declared that it is advisable and in the best interests of the Company and its stockholders to amend the Company's Amended and Restated Certificate of Incorporation, as amended (the "Certificate of Incorporation"), to (i) eliminate the monetary liability of certain of the Company's officers for breach of the duty of care, to the extent permitted under Section 102(b)(7) of the DGCL (the "Officer Exculpation"), and (ii) integrate the provisions of the Certificate of Incorporation (the "Restated Charter").

Reasons for Approving the Amendment to the Certificate of Incorporation

The Nominating and Corporate Governance Committee believes that there is a need for directors and officers to remain free of the risk of financial ruin as a result of an unintentional misstep. Further, the Nominating and Corporate Governance Committee noted that the proposed provision would not negatively impact stockholder rights. Therefore, taking into account the narrow class and type of claims for which officers' liability would be excused, and the benefits the Nominating and Corporate Governance Committee believes would accrue to us and our stockholders in the form of an enhanced ability to attract and retain talented officers, the Nominating and Corporate Governance Committee recommended to the Board of Directors an amendment to our Certificate of Incorporation to provide such excusalation to the extent permitted by Delaware law.

Based on this recommendation, the Board of Directors determined that it is in the best interests of the Company and our stockholders to amend our Certificate of Incorporation as described herein.

The Amended and Restated Certificate of Incorporation, in the form attached hereto as Exhibit A (the "Restated Charter"), be, and it hereby is, authorized and approved in all respects, subject to the approval of the Restated Charter by the stockholders of the Company.

STOCKHOLDER PROPOSALS FOR THE 2024 ANNUAL MEETING

Pursuant to Rule 14a-8 under the Exchange Act, stockholder proposals for inclusion in the proxy statement of the Board of Directors for the 2024 Annual Meeting of Stockholders must be received by us at 149 Commonwealth Drive, Menlo Park, California 94025, on or before December 19, 2023 and must otherwise comply with Rule 14a-8 under the Exchange Act. If the date of the 2024 Annual Meeting of Stockholders is changed by more than 30 days from the anniversary date of our 2023 Annual Meeting of Stockholders, the deadline pursuant to Rule 14a-8 under the Exchange Act will instead be a reasonable time before we begin to print and send our proxy materials. If we are not notified by the deadline under Rule 14a-8 under the Exchange Act of a proposal to be brought before the 2024 Annual Meeting of Stockholders, then proxies held by management may provide the discretion to vote against such proposal even though it is not discussed in the proxy statement.

Our Amended and Restated Bylaws provide that advance notice of a stockholder's proposal to be brought before the 2024 Annual Meeting of Stockholders, including director nominations, must be delivered to the Secretary of our company at our principal executive offices not earlier than 120 days (December 19, 2023) and not later than 90 days (January 18, 2024) prior to the anniversary of the mailing date of the proxy materials for the previous year's annual meeting. Our Amended and Restated Bylaws provide that in the event that the annual meeting is advanced by more than 30 days prior to or delayed by more than 60 days after the anniversary date of the preceding year's annual meeting, this advance notice must be received by the close of business on the later of (i) the 120th day prior to such annual meeting or (ii) the 10th day following the day on which the first public announcement of the date of such meeting. In addition, pursuant to Rule 14a-19 ("Rule 14a-19"), notices of a solicitation of proxies in support of director nominees other than our own nominees must be postmarked or electronically submitted no later than March 20, 2024, and each nomination must comply with the SEC regulations under Rule 14a-19, which requires, among other things, that such notice include a statement that such person intends to solicit the holders of shares representing at least 67% of the voting power of shares entitled to vote on the election of directors. If, however, the date of the 2024 Annual Meeting of Stockholders is more than 30 days before or after May 19, 2024, then the Rule 14a-19 deadline shall be the later of 60 calendar days prior to the date of the 2024 Annual Meeting of Stockholders or the 10th calendar day following the day on which we first make a public announcement of the date of our 2024 Annual Meeting of Stockholders. A nomination that does not comply with the requirements set forth in the Certificate of Incorporation and the Bylaws will not be considered for presentation at the Annual Meeting. We intend to file a proxy statement and white proxy card with the SEC in connection with our solicitation of proxies for our 2024 Annual Meeting of Stockholders.

Each stockholder's notice must contain the following information as to each matter the stockholder proposes to bring before the annual meeting: (a) a brief description of the business desired to be brought before the annual meeting, the reasons for conducting such business at the annual meeting and any material interest in such business of each Proposing Person (as defined in the Company's Amended and Restated Bylaws), (b) the text of the proposal or business (including the text of any resolutions proposed for consideration), (c) a reasonably detailed description of all agreements, arrangements and understandings (i) between or among any of the Proposing Persons or (ii) between or among any Proposing Person and any other record or beneficial holder(s) or persons(s) who have a right to acquire beneficial ownership at any time in the future of the shares of any class or series of the Corporation (including their names) in connection with the proposal of such business by such stockholder, and (d) any other information relating to such item of business that would be required to be disclosed in a proxy statement or other filing required to be made in connection with solicitations of proxies in support of the business proposed to be brought before the meeting pursuant to Section 14(a) of the Exchange Act. A copy of the full text of the provisions of our Amended and Restated Bylaws dealing with stockholder nominations and proposals is available to stockholders from our Secretary upon written request.

**AMENDED AND RESTATED
CERTIFICATE OF INCORPORATION
CORCEPT THERAPEUTICS INCORPORATED**

Corcept Therapeutics Incorporated, a corporation organized and existing under the laws of the State of Delaware (the "Corporation"), hereby certifies as follows:

- a. The name of the Corporation is Corcept Therapeutics Incorporated. The original Certificate of Incorporation was filed with the Secretary of State of the State of Delaware on May 13, 1998, and a Certificate of Designations, Preferences and Rights of Series A Preferred Stock was filed with the Secretary of State of the State of Delaware on May 26, 1999.
- b. This Amended and Restated Certificate of Incorporation amends, restates, and integrates the provisions of the Amended and Restated Certificate of Incorporation filed with the Secretary of State of the State of Delaware on May 7, 2001, as amended by the Certificate of Amendment of Amended and Restated Certificate of Incorporation filed with the Secretary of State of the State of Delaware on December 18, 2002.
- c. This Amended and Restated Certificate of Incorporation was duly adopted in accordance with Sections 242 and 245 of the General Corporation Law of the State of Delaware (the "DGCL"), and has been duly approved by the written consent of the stockholders of the Corporation in accordance with Section 228 of the DGCL.
- d. The text of the Certificate of Incorporation of this Corporation is hereby amended and restated to read in its entirety as follows:

FIRST

The name of the Corporation is Concept Therapeutics Incorporated.

SECOND

The address of the registered office of the Corporation in the State of Delaware is 1209 Orange Street, Corporation Trust Center, City of Wilmington, County of New Castle, Delaware 19801. The name of its registered agent at such address is The Corporation Trust Company.

THIRD

The purpose of the Corporation is to engage in any lawful act or activity for which a corporation may be organized under the Delaware General Corporation Law.

FOURTH:

- A. The total number of shares of all classes of stock which the Corporation shall have authority to issue is Two Hundred Ninety Million (290,000,000), consisting of Two Hundred Eighty Million (280,000,000) shares of common stock, par value \$0.001 per share (the "**Common Stock**"), and Ten Million (10,000,000) shares of Preferred Stock, par value \$0.001 per share (the "**Preferred Stock**").
- B. The board of directors is authorized, subject to any limitations prescribed by law, to provide for the issuance of shares of Preferred Stock in one or more series, and by filing a certificate pursuant to the applicable law of the State of Delaware (such certificate being hereinafter referred to as a "**Preferred Stock Designation**"), to establish from time to time the number of shares to be included in each such series, and to fix the designation, powers, preferences, and rights of the shares of each such series and any qualifications, limitations or restrictions thereof. The number of authorized shares of Preferred Stock may be increased or decreased (but not below the number of shares thereof then outstanding) by the affirmative vote of the holders of a majority of the Common Stock, without a vote of the holders of the Preferred Stock, or of any series thereof, unless a vote of any such holders is required pursuant to the terms of any Preferred Stock Designation.
- C. Each outstanding share of Common Stock shall entitle the holder thereof to one vote on each matter properly submitted to the stockholders of the Corporation for their vote; provided, however, that, except as otherwise required by law, holders of Common Stock shall not be entitled to vote on any amendment to this Certificate of Incorporation (including any Certificate of Designations relating to any series of Preferred Stock) that relates solely to the terms of one or more outstanding series of Preferred Stock if the holders of such affected series are entitled, either separately or together as a class with the holders of one or more other such series, to vote thereon by law or pursuant to this Certificate of Incorporation (including any Certificate of Designations relating to any series of Preferred Stock).

FIFTH:

The following provisions are inserted for the management of the business and the conduct of the affairs of the Corporation, and for further definition, limitation and regulation of the powers of the Corporation and of its directors and stockholders:

- A. The business and affairs of the Corporation shall be managed by or under the direction of the board of directors. In addition to the powers and authority expressly conferred upon them by statute or by this Certificate of Incorporation or the bylaws of the Corporation, the directors are hereby empowered to exercise all such powers and do all such acts and things as may be exercised or done by the Corporation.
- B. The directors of the Corporation need not be elected by written ballot unless the bylaws so provide.
- C. Any action required or permitted to be taken by the stockholders of the Corporation must be effected at a duly called annual or special meeting of stockholders of the Corporation and may not be effected by any consent in writing by such stockholders.
- D. Special meetings of stockholders of the Corporation may be called only by the Chairman of the Board or the President or by the board of directors acting pursuant to a resolution adopted by a majority of the Whole Board. For purposes of this Certificate of Incorporation, the term "Whole Board" shall mean the total number of authorized directors whether or not there exist any vacancies in previously authorized directorships.

SIXTH:

- A. Subject to the rights of the holders of any series of Preferred Stock to elect additional directors under specified circumstances, the number of directors shall be fixed from time to time exclusively by the board of directors pursuant to a resolution adopted by a majority of the Whole Board. At each annual meeting of stockholders, directors elected to succeed those directors whose terms expire shall be elected for a term of office to expire at the succeeding annual meeting of stockholders after their election, with each director to hold office until his or her successor shall have been duly elected and qualified.
- B. Subject to the rights of the holders of any series of Preferred Stock then outstanding, newly created directorships resulting from any increase in the authorized number of directors or any vacancies in the board of directors resulting from death, resignation, retirement, disqualification, removal from office or other cause shall, unless otherwise required by law or by resolution of the board of directors, be filled only by a majority vote of the directors then in office, though less than a quorum (and not by stockholders), and directors so chosen shall serve for a term expiring at the next annual meeting of stockholders or until such director's successor shall have been duly elected and qualified. No decrease in the authorized number of directors shall shorten the term of any incumbent director.
- C. Advance notice of stockholder nominations for the election of directors and of business to be brought by stockholders before any meeting of the stockholders of the Corporation shall be given in the manner provided in the bylaws of the Corporation.

SEVENTH:

The board of directors is expressly empowered to adopt, amend or repeal the bylaws of the Corporation. Any adoption, amendment or repeal of the bylaws of the Corporation by the board of directors shall require the approval of a majority of the Whole Board. The stockholders shall also have power to adopt, amend or repeal the bylaws of the Corporation; provided, however, that, in addition to any vote of the holders of any class or series of stock of the Corporation required by law or by this Certificate of Incorporation, the affirmative vote of the holders of at least Sixty Six and Two Thirds percent (66 2/3%) of the voting power of all of the then-outstanding shares of the capital stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class, shall be required for the stockholders to adopt, amend or repeal any provision of the bylaws of the Corporation.

EIGHTH:

A director or officer of the Corporation shall not be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director or officer, except for liability (i) for any breach of the director's or officer's duty of loyalty to the Corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) with respect to a director, under Section 174 of the Delaware General Corporation Law, or (iv) for any transaction from which the director or officer derived an improper personal benefit. If the Delaware General Corporation Law is amended to authorize corporate action further eliminating or limiting the personal liability of directors or officers, then the liability of a director or officer of the Corporation shall be eliminated or limited to the fullest extent permitted by the Delaware General Corporation Law, as so amended.

Any repeal or modification of the foregoing paragraph by the stockholders of the Corporation shall not adversely affect any right or protection of a director or officer of the Corporation existing at the time of such repeal or modification.

NINTH

The Corporation reserves the right to amend or repeal any provision contained in this Certificate of Incorporation in the manner now or hereafter prescribed by the laws of the State of Delaware and all rights conferred upon stockholders are granted subject to this reservation.
